

## **LAMB OF GOD VOCATIONAL SCHOOL**

### **Project Overview**

This is a vocational institution established under the LAMB OF GOD EVANGELICAL MINISTRY OF HAITI ( MEAD'H ) with the vision of equipping young people and adults with practical, professional, and life-transforming skills. This school will design to serve the community by providing quality technical education rooted in Christian values, excellence, discipline, and integrity.

### **Project Objectives**

Our mission is to prepare a new generation of capable, responsible, and empowered men and women who can contribute to the development of their families, their community, and the nation. Through modern facilities, qualified instructors, and a welcoming learning environment, Lamb of God Vocational School seeks to offer programs that meet today's economic, social, and spiritual needs.

### **Expected Impact**

The school will provide professional and technical training in various fields to help students gain employable skills, create opportunities, and build a better future. Beyond technical competencies, learners will also be guided to develop character, leadership, and strong moral foundations inspired by Christian principles.

### **Support This Project**

You can support the Lamb of god Vocational School through prayer, financial contributions, or partnership with the ministry. Your support will directly help transform lives and strengthen the community
