

LAMB OF GOD MEDICAL CENTER

Project Overview

Lamb of God Medical Center is a faith-driven healthcare institution dedicated to providing compassionate, quality, and accessible medical care to individuals and families within our community and beyond. Founded under the mission and vision of the Ministère Évangélique Agneau de Dieu d'Haïti, the center exists as a response to the urgent healthcare needs of our population, particularly in underserved and vulnerable areas.

Project Objectives

Our primary purpose is to restore health, preserve life, and bring hope through professional medical services delivered with love, dignity, respect, and integrity. We believe that every human being is created in the image of God and therefore deserves quality healthcare, compassionate attention, and the assurance of being cared for with excellence.

The Lamb of God Medical Center seeks to offer a wide range of essential healthcare services, including general consultations, emergency care, preventive medicine, maternal and child health, health education, laboratory services, and specialized medical support as resources allow. Our goal is to ensure that families, children, and the elderly can receive reliable care close to home without unnecessary suffering, delays, or financial barriers.

Beyond providing treatment, the center is committed to promoting health awareness, disease prevention, and community wellness initiatives. Through

education programs, outreach activities, and health support services, we aim to reduce preventable illnesses and improve the overall quality of life in our region.

With a dedicated medical team, caring staff, and a welcoming environment, Agneau de Dieu Medical Center strives to be a place of healing, comfort, and hope. Guided by Christian values, we serve with compassion, excellence, accountability, and respect for human life, believing that healthcare is not only a service, but a ministry of love.

Support This Project

You can support the Lamb of God Medical Center through prayer, financial contributions, or partnership with the ministry. Your support will directly help transform lives and strengthen the community

The Lamb of God Medical Center Caring with compassion, serving with excellence, and bringing hope to every life we touch.
